

Tanner Talk Technology and the Humanities

*The following resources were crowdsourced or referenced during the Spring 2020 Tanner Talk with Safiya Noble and Erika George

Organizations/Movements

Researchers at **UCLA Center for Critical Internet Inquiry (C2i2)** are “reimagining technology, championing social, racial, and economic justice, and strengthening democracy through culture-making and public policy work.” <https://www.c2i2.ucla.edu/home/>

The **Minderoo Initiative on Technology and Power** examines the social impacts of technologies and works to draw attention to the harms of various aspects of tech. <https://www.c2i2.ucla.edu/minderoo-initiative/>

The mission of the **Minderoo Foundation: Building a Digital Ecology that Empowers People** is to “address the widespread violation of human rights associated with the unfettered use and abuse of personal information in the tech ecosystem.” <https://www.minderoo.org/frontier-technology/>

At **Cyber Collective**, data ethics and privacy are researched, and an emphasis is placed on educating the public about these issues and influencing public policy in the interest of protecting consumers. <https://www.cybercollective.org/>

Feminist AI works to create accessibility and equity in the AI tech world. <https://www.feminist.ai/>

Addressing online threats to civil rights is the mission of the **Cyber Civil Rights Initiative**. <https://www.cybercivilrights.org/>

The **Oxford Internet Institute** is “a multidisciplinary research and teaching department of the University of Oxford, dedicated to the social science of the Internet.” <https://www.oii.ox.ac.uk/>

At the **Digital Democracies Institute**, interdisciplinary research is undertaken to “understand and address online polarization, abusive language, discriminatory algorithms and mis/disinformation.” <https://digitaldemocracies.org/>

The **Promise Human Rights Blog | UCLA School of Law** is a student-led effort to highlight various human rights issues. <https://www.promisehumanrights.blog/>

Future Says is a “new global initiative, committed to accountability in the tech ecosystem, to rebalancing power, and to reimagining technology in a pro-public way – built and designed by people for people.” <https://www.futuresays.org/>
